

NORTH SIDE NEWS

New Sidetrack Built in Union Pacific Freight Yards.

The Railroad Will Begin Paying in About One Month.

The platforms at the east end and on the north side of the Union Pacific freight depot were torn down Sunday and new side tracks constructed along the north side of the building. The side track occupies the space which was formerly occupied by the platform. This, according to the men in the freight house, makes the handling of the freight much more convenient than before these improvements were made. The platform which is located on the south side of the building will be torn down as soon as possible. It is expected that work will begin on paving the grounds surrounding the depot in about one month. The paving will reach south to the center of Railroad street.

Numerous attempts have been made by the railroad company to induce the city officials to pave the remainder of the street. However, these attempts were not successful. As a result the south half of the street will be left in its present condition. When the platform on the south side of the freight depot is torn down a shed will be built in its place. The building of this shed was brought about by the numerous requests made by Topeka business men for its erection.

Personal Mention.
The Sunday school board of the Kansas Avenue Methodist church will hold its monthly meeting Wednesday evening at the church at 8 o'clock.
A. E. Robinson will leave tonight for Lawrence, where he will attend the Bi-

ble school of Methods. He will return home next Friday.
Walter Dillon of Silver Lake has returned to his home after a business trip to the North side.

J. H. George of Bibby, Mo., is spending a short time in North Topeka visiting his father, W. S. George.

T. H. Barnes of Silver Lake has returned home after a business trip to North Topeka.

J. B. Skinner who has been ill for some time at his home in Shorey is recovering.

R. M. Rocky of Silver Lake is moving to the South side.

CLOTHING CO.

PROFIT OF \$18,000.

Kansas Collects It on Her Auto Tag Sale.

Kansas will this year realize a profit of nearly \$18,000 from her automobile license tag fund in addition to providing a fund of nearly \$161,000 for road work in the state. Those are the figures furnished by Secretary of State Charles Sessions for the first year of the enforcement of the state motor license law.

Under the law, the state retains 15 per cent of the fund received from the sale of automobile and motorcycle licenses. This fund is used to meet the expense of purchasing and mailing license tags to car owners and to compiling records and enforcing the law. About \$28,000 will be realized by the state as its share of the \$187,000 gross receipts from the sale of tags. About \$8,000 will be spent by the state and the remaining fees yet to be collected are expected to leave a net profit of nearly \$18,000 to be turned over to the state treasury.

None of the 1914-15 tags will be mailed from the secretary of state's office until late in June. The first year under the motor license law will end June 30. According to figures prepared by Mr. Sessions, the fund for road improvements under the law will total about \$161,000.

BRANCH STORE SOLD.

Order of Administratrix to Sell Lawrence Store of Gibbs Clothing Co.

The store fixtures and a small portion of the shoe stock of the Kansas City Sales company of Lawrence, one of the branch stores of the Clement-Gibbs interests, has been sold to a new firm and the remaining portion of the stock of men's furnishings, clothing and shoes, amounting to about \$8,000, has been ordered shipped to Topeka.

The order of the administratrix is to ship the stock from Lawrence at once and sell it along with the Gibbs Clothing company goods in Topeka. "We have complied with the order," explained Mr. Gibbs, manager of the Topeka store, "and as soon as the goods are received we will launch a sale, probably the latter part of the week."

POLICE COURT NEWS.

Services were held in police court Sunday afternoon for the benefit of the prisoners of the city jail. They were conducted by Frank Drenning, C. E. Blakey, Dr. E. S. Pettyjohn and other members of the Men's Bible class of the First Methodist church. The piano which has been presented to the prisoners, was played and all joined in the hymns.

Joe Dwigins was arrested three times during the weekend, once charged with bootlegging, the second time for breaking glass in an alley and the third for drinking in a public place. He was taken to jail Saturday afternoon on the first charge, arrested by Officer Kennedy. While in jail he was booked Sunday for breaking a glass in an alley and the third charge was also placed against him.

Barney McMahon is in jail again, fined \$15 in police court this morning for being drunk. Barney has been in jail on this charge many times within the past few months.

Ralph Spurrier was found not guilty this morning of the charge of leaving a muffler open. He was arrested by Police Officer Richards.

Paul Juneau was fined \$3 in police court this morning for smoking a pipe.

G. S. Pepper was arrested Sunday

The R. R. Y. All-Stars play the Washburn academy at Washburn Friday, March 13. They also challenge any church league team. Any team wishing games call up J. Brier, phone 784.

Overwhelming Verdict

A few months ago, a man in no way connected with the making of Postum or the marketing of coffee, wrote to quite a number of physicians all over the country asking their unbiased testimony in the case of Postum vs. Coffee.

The following excerpts from their letter constitute an overwhelming verdict

In Favor of Postum

"I have discarded coffee altogether in my family, and instead use Postum which we find makes a rich, delicious drink, without any of the deleterious effects attendant on the continuous use of coffee."

"Our family have been users of Postum for a long time. We were very liberal coffee drinkers, but were conscious that coffee was harming us—our nervous system, digestion and heart action—so we quit the coffee and began using Postum. Now we relish it far more than we did coffee, and are all relieved of the old coffee troubles. As a physician I have induced several families to quit coffee and use Postum."

"Postum—when it is desirable to leave off coffee on account of overstimulation or gastric disturbances."

"Postum has been used in my family nearly every since it was placed on the market, and I recommend it to my patients. It is a nourishing drink. A great many families are giving their children Postum in place of coffee with best of results."

"I have used Postum in my family for years with the most satisfactory result—so much so that we have practically abolished coffee, and with it the coffee headaches, nervousness, and lying awake the best part of the night."

"I drink Postum every morning, and recommend it to my friends who have 'nerves' and indigestion."

"No more coffee for me. I am using Instant Postum and advise my patients to do likewise. I prefer it to the best coffee, and have no more sour stomach attacks as I used to."

"For years I have been using Postum in the family and advocating it for my patients. I consider it to be exactly what its manufacturers claim for it. Postum is excellent in place of coffee where the latter is contraindicated. The food value of Postum plays an important part when compared with coffee."

"Have had many cases that could not drink coffee on account of its reflex action on the heart. Postum always supplies the place of coffee without the bad effects."

"I have used Postum for the past eight years in place of coffee. Before that I was troubled with frequent libious headaches due to excessive use of coffee, and was then advised to use Postum. Since that time I have not had a single attack, which effect I attribute entirely to Postum. I frequently recommend it to others who experience equally gratifying results."

"Hardly a week goes by that I do not advise some patient with an irritable, acid stomach and nervous heart to stop at once the use of all coffee and take up the use of Postum, and always with good results."

"I am satisfied that coffee is responsible in a great degree for the premature breakdown of our active men and women. They suffer from caffeine poisoning. Of the truth of this there is not the shadow of a doubt. Our common sense tells us that the daily swallowing of caffeine—overstimulating the heart and brain—will be followed by nervous depression, and finally by more or less disastrous results. I believe if people in general would use Postum as a beverage in place of coffee and tea their mental and physical condition would be much improved."

In the light of such testimony it would seem the part of wisdom to stop coffee and use Postum. Postum is a genuine food-drink, made of whole wheat and a small per cent of molasses. Contains the nutritious values of the grain, but is pure and absolutely free from the coffee drug, caffeine, or any other harmful substance.

Postum comes in two forms:

Regular Postum—must be well boiled to bring out its fine flavor. 15c and 25c packages.

Instant Postum—a soluble form. A teaspoonful stirred in a cup of hot water—with sugar and cream added—makes a delightful beverage instantly. 30c and 50c tins. The cost per cup of both kinds is about the same.

"There's a Reason" for POSTUM

—sold by grocers everywhere.
